Non-Art Rejections:

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

2. Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The following language lacks proper antecedent basis:

In claim 1, line 7, "the data", it is not clear as to whether it refers to "storing data" at line 3 or "any data" at line 6. It is suggested that "any data" at line 6 be changed to "the data" to remove the ambiguity.

Allowable Subject Matter:

3. Claims 21-26 are allowed over prior art of record.
